Preliminary Speakers' Schedule

January SVFIG Meeting

The Fourth Saturday
28-January-2012

========

SVFIG's meetings are on the fourth Saturday of each month with the exception of November and December.

========

Please go to Meetup.com and register for the meeting when it becomes available.

========

NOTES FOR FIRST-TIME ATTENDEES:
1) I forget what number one was.
2) Print yourself a map so you can find the building easily. If you get lost, call Kevin Appert at 650.678.0532
3) Look at the additional online information: http://www.forth.org/svfig/next.html

========

This page is for the schedule and coming attractions only, other details will be in the email announcement and online here: http://www.forth.org/svfig/next.html

Links, PowerPoints, PDFs, and source files from last month's meeting are on the SVFIG web site. All this and video from Forth Day 2011 and other instances of Forth Day are on the SVFIG web site too!

========

09:45 --- Some Coffee and a Chat
Lionel Hardcastle would consider it a "damn good cup of coffee."

========

10:00 --- Brevia 2 Kit, a Little Help? --- C.H. Ting
"I'm I still have trouble loading the USB drivers for LatticeSemi's Brevia2 Kit. I will bring it in and see if anybody can help."

========

TBD --- Taiwan Forth Conference Preview --- C.H. Ting
"I am going to Taiwan to attend the Taiwan Forth Conference from 2/14-18/2012. I can give you guys a preview on my presentations there.   I will do two workshops, one on ep32q for the Brevia Kit, and one on 328eForth for Arduino Uno. In addition I will do three short talks on 'Fun with eForth'. They will be on the Chart of the World, Mandelbrot Fractals, and Graphic Haikus. I have talked about them in our prior meetings, and people might be bored here in SVFIG."

========

11:45 --- Lunch
We'll walk to the Treehouse, The Axe & Palm, or some other venue.

========

13:00 --- Introductions, Announcements, Rumors and Gossip
We'll go around the room and each introduce ourselves. If you're willing, tell us about something about yourself. Suggest a future presentation!

========

13:30 --- Treasurer's Report --- John Rible

========

13:48 --- Stack processor DIY toolkit --- Aliaksei Chapyzhenka
Introduction into the toolkit for stack processor developers. The idea is to speed-up development process from the instruction set idea till the code running in FPGA. Aim is to retarget all documentation, hardware, and software tools using single architecture description source.

========

14:48 --- Break

========

15:05 --- RTECC Recap
We'll look at some of the products which were promoted at the recent RTECC show.

========

15:30 --- Bios for the Bio Page
http://forth.org/whoswho.html
Those willing will dictate or email a short bio and we'll take a picture.

========

15:50 --- Clean Up

16:00 --- Adjourn

_____

Do we try to stick to the schedule? Sort of, some of the time. Once in a while we shuffle things around. If you're desperate to see a particular thing at a particular time you need to speak up about it. If you feel that everything needs to happen on an exact schedule you should either seek professional help or become the Program Chair.

_____

The schedule above may be reformatted or line-justified, but please transmit verbatim or not at all. A link to this page is preferred.

_____

No Newsgroup posts or other media distribution please!

_____

Forth Day Videos

If you're planning on doing something special with the Forth Day videos, the original MPEGs are available by special arrangement. The hi-res Oggs appear very good and are substantially smaller but if you're going to post to YouTube or edit something for a class, you should go from the originals.

The regular version of the Forth Day videos is now up at http://www.forth.org/svfig.

Fireside Chat is up on YouTube and for a limited time only, the hi-res

Ogg versions are available for download here:

WARNING, these are (duh) BIG files. I was going to make the warning red blinking text, but I know how some of you feel about that.

There are 13 files total:
