

Speakers' Schedule

SVFIG Meeting December Meeting

December 17, 2016
Third Saturday

Meeting Video

Links to all SVFIG videos, including this meeting's live stream can be found [here](#).

Future Meeting Dates

SVFIG will meet on the fourth Saturday of each month in 2016 with the following exceptions:

- December 17th - Third Saturday

Any deviations from the [posted meeting schedule](#) will be announced.

Meetup RSVP

If you are planning to attend this month's meeting, please RSVP on [Meetup.com](#). If not, there is no need to offer your regrets.

Notes for First-time Attendees

- 1) Print a Stanford map showing the meeting location, the [Peterson Building](#), so you can find it easily. If you get lost, call Kevin Appert at 650/678-0532

- 2) Browse the [additional meeting information](#).
- 3) Park in one of these suggested locations: along Santa Teresa Street, in the lot near the intersection of [Santa Teresa Street and Lomita Drive](#), or in any "A" or "C" designated areas. There is no need to feed the parking meters on the weekends. Do NOT park in places marked with 24/7 restrictions! Most other spots are okay on Saturdays. **When in doubt, read the signs!**

Meeting Schedule

10:30 --- Quantum Computing - Jack J. Woehr
Jax will present his annual review of this exciting field.

12:00 --- Lunch
We will have lunch at the Coffee House (CoHo) as our usual venue, the Treehouse, will be closed.

13:00 --- Forth for WiFi Chip ESP8266 - CH Ting
"I got eForth to run on the ESP8266 WiFi microcontroller chip. I was able to execute programs through UDP packets. I am still learning WiFi tricks. I hope to demonstrate compiling and executing new Forth words on ESP8266 wirelessly."

14:30 --- Break

14:50 --- How to Build Primitives in Creole Forth for Excel - Joseph M. O'Connor
In Creole Forth for Excel (CFE) extensions to the language are commonly added as primitives written in VBA (analogous to writing CODE words in other Forths). This tutorial will show how to get started writing your own primitives.

15:30 --- Ad Hoc, Ad Lib, Random Discussion
We'll address important topics, discuss Forth Day, and perhaps show some videos.

16:00 --- Clean Up and Adjourn

While we try to adhere to this meeting schedule, sometimes a presentation unexpectedly runs long or the presentation starting times need to be reassigned. If you're desperate to see a particular presentation at a specific time, please alert us and we'll do our best to accommodate your needs.

This schedule may be reformatted or line-justified, but please transmit it verbatim or preferably provide a link to it.

No Newsgroup posts or other media distribution please! Contact Kevin if you desire to advertise SVFIG meetings.

The [Speakers' Schedule posted on GitHub](#) was produced by [Kevin Appert](#), the SVFIG Program Chair and is distinct from the information posted on the SVFIG and FIG websites which are authored by the SVFIG Webmaster, Dave Jaffe. Your comments, corrections, and suggestions are always welcome.
