SVFIG February Meeting – Fourth Saturday

February 22, 2014

=====

[Google+ Hangout](#)

SVFIG will participate in a [Google+ Hangout](#). The YouTube video stream should let everybody join in, while questions and comments can either be posted on Google or emailed to the [SVFIG email list](#). When it is started, the URL for the video stream will be posted on the Hangout page and emailed to members of the SVFIG list. Material with intellectual property conflicts will not be streamed.

A subscription to Google+ is not required to view the video.

=====

SVFIG meets on the fourth Saturday of each month in 2014 with the following exceptions:
SVFIG is planning to get a table at Maker Faire in lieu of the May meeting.
Meetings in April, November, and December will be held on the third Saturday.

=====

If you are planning to attend the meeting, please register on [Meetup.com](#). If you are not planning to attend, there is no need to register.

=====

NOTES FOR FIRST-TIME ATTENDEES:

- 0) Some SVFIG's meeting topics may not pertain directly to Forth. You are welcome to skip the parts which don't interest you!
- 1) Print a map so you can find the building easily. If you get lost, call Kevin Appert at 650/678-0532
- 2) Browse the [additional online information](#).
- 3) The suggested parking lot is near the intersection of [Santa Teresa Street and Lomita Drive](#). You may park in any "A" or "C" designated areas. There is no need to feed the meter

on the weekends. Do NOT park in any place marked with 24/7 restrictions! Most other places are okay on Saturdays. **When in doubt, read the signs!**

=====

This page is for the Speakers' Schedule and coming attractions only. Other meeting details will be included in the SVFIG email announcement that will be posted online [here](#).

Links, PowerPoint slides, PDFs, meeting videos, and source files from previous months' meetings, including Forth Day 2013, are posted on the [SVFIG website](#).

=====

10:00 --- Coffee and a Chat

=====

10:30 --- Forth in the Age of the Pocket Supercomputer --- Sam Putman

What's this about? We'll found out together!

=====

11:30 --- Lunch

We had lunch at [The Treehouse](#).

=====

13:00 --- What's New?

Processors with WiFi, little radio link boards, product tutorials at DigiKey, bring your favorite new thing and we'll go around the room.

=====

13:30 --- ARD101 Tutorial Conversion to eForth for Maker Faire --- Dennis Ruffer

Inspired by a sale of the [OSEPP 101 Arduino Basics Starter Kit](#) at Fry's, Dennis is translating the sketchy code of the example projects into Forth.

=====

14:30 --- Break

=====

14:50 --- Ad Hoc

More on Maker Faire, random discussions, odds and ends of stuff.

=====

15:30 --- Hangout Practice

We're trying to improve our production values! We might also have a dry-run or two for new remote presenters.

=====

16:00 --- Clean Up and Adjourn

We try to stick to the schedule, but sometimes a presentation runs a little long. If you're desperate to see a particular presentation at a particular time, please mention it and we'll do our best to accommodate your needs.

The schedule above may be reformatted or line-justified, but please transmit it verbatim or not at all. A link to this page is preferred.

No Newsgroup posts or other media distribution please!

This schedule document is produced by Kevin Appert, the SVFIG Program Chair. It is distinct from the SVFIG and FIG websites which are produced by the SVFIG Webmaster, Dave Jaffe. Your comments and corrections are always welcome.
