## **COMING TO SVFIG**

- \* Maker Faire! We'll be manning a booth at the Faire instead of the May meeting.
- \* New member outreach... we'll talk about formulating a presentation for venues such as the Home Brew Robotics Club, TechShop, Hacker Dojo, and so on.
- \* Arduino Hands-on. If we can develop a demand, folks will bring their Uno, ISP, and laptop and we'll install amForth or SwiftX and do some exercises. Let me know if you're desperate to do it this month. If we're going to do it at some future meeting, please help me decide what to do

and/or volunteer as a cat-herder!
