

SVFIG

- Photos taken at the September 24, 2016 meeting at Stanford University
- Classroom photos by Sam Chen
- Lunch photos by Dennis Ruffer

Purposes of 86eF v5.2

- Available for current Windows PCs
- Built on Visual Studio 2015 Community
- 32-bit flat memory mode
- Bare minimal word set
 - No multitasking
 - No vocabulary
 - Optimized if possible

The core problem
