# B Minor Mass

---

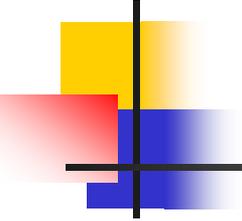

- It was probably the best of Bach's sacred music.
- The best images to go along with the music are probably Michelangelo fresco in the Sistine Chapel.
- So, here is the synthesis

- Windows Movie Maker
- CyberLink's PowerDirector
- Adobe's After Effects

- PowerDirector can animate photographs, but it cannot keep up with the high resolution pixels.
- Adobe's After Effects is very complicated. I only scratched the surface a little bit, just enough to pan and zoom on large, high resolution photographs.

- I only completed about 1/3 of the music.
- First section is on the paintings on the ceiling of the Sistine Chapel.
- Third section is on the Last Judgement in the front of the Chapel.
