Google+ Hangout

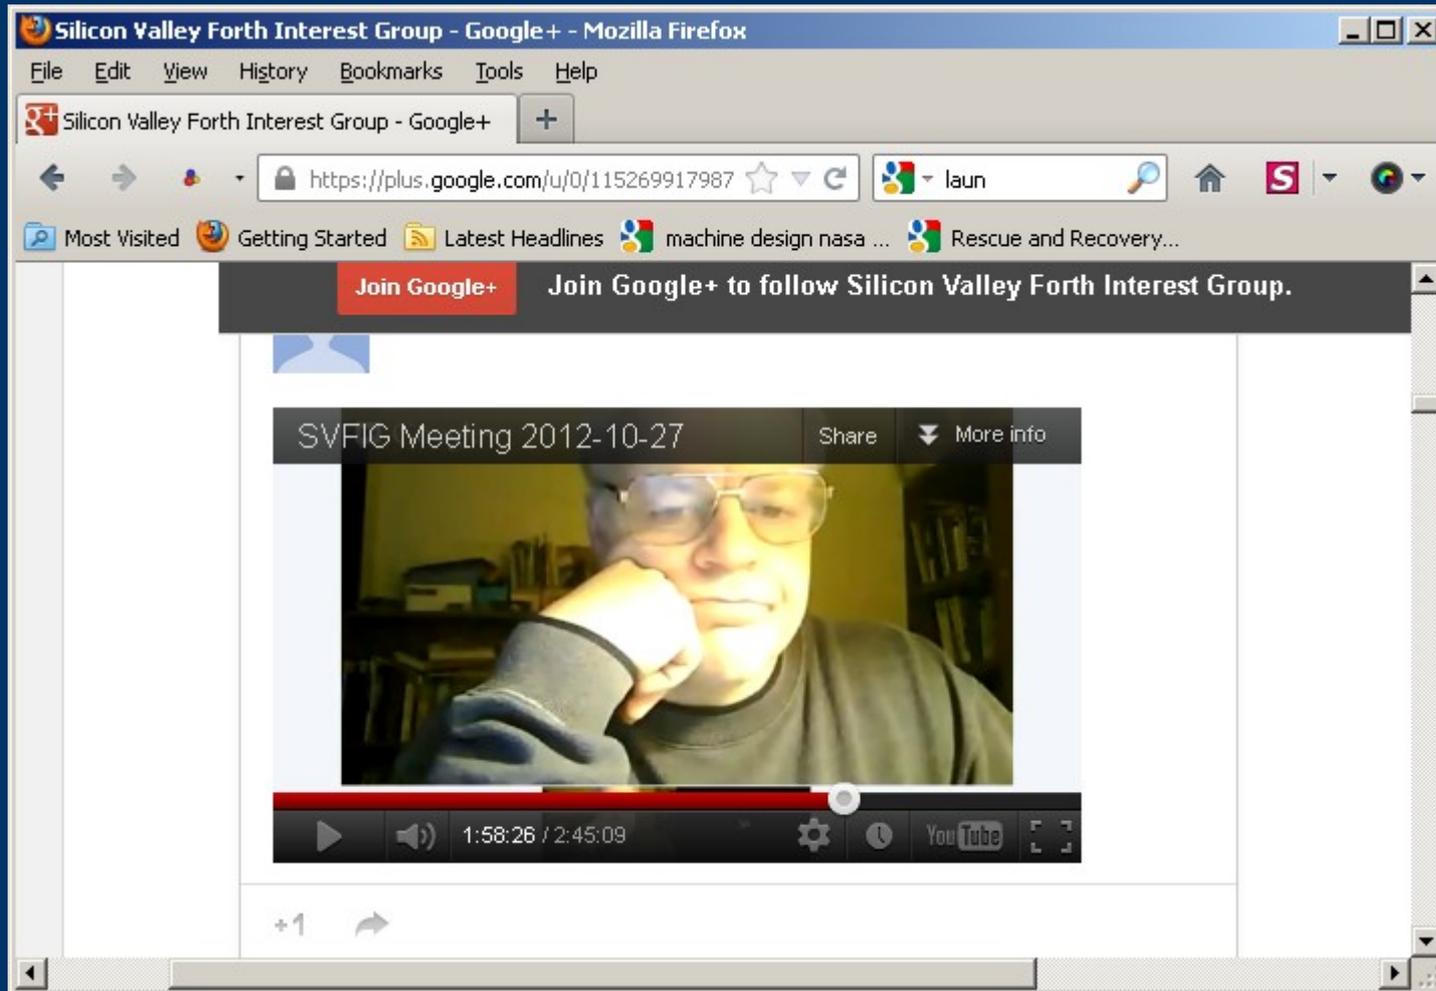

The screenshot shows a Mozilla Firefox browser window displaying a Google+ post. The browser's address bar shows the URL: <https://plus.google.com/u/0/115269917987589859757/posts>. The page title is "Silicon Valley Forth Interest Group - Google+ - Mozilla Firefox".

The post is from the "Silicon Valley Forth Interest Group" (SVForth FIG), dated October 27, 2012, and is public. The text of the post reads: "Here she is, everyone! The stream, at long last! Also, Joseph, you're invited to the Hangout, so when you're ready, you *should* be able to just log in and take over. Let me know if you have any questions via e-mail!" Below the text is a link: <http://youtu.be/fwNduoJKUpw>.

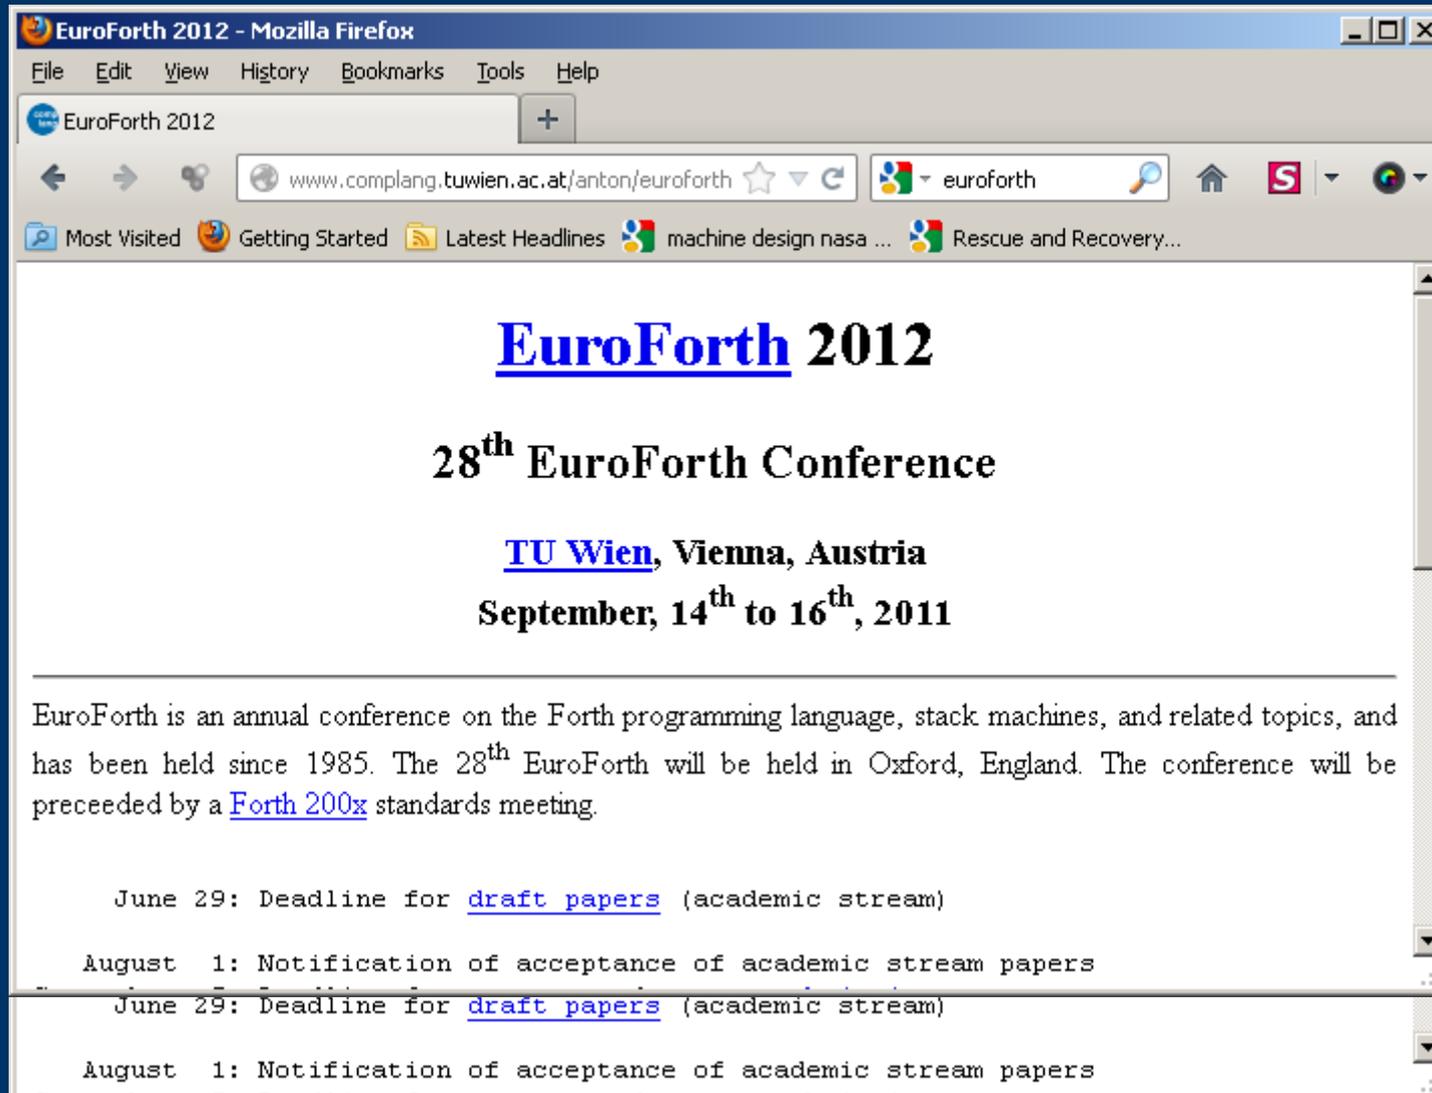

The video player shows a screen recording of a web browser window with a list of names, likely a Hangout participant list. The video player controls at the bottom indicate the video is paused at 0:33:37 of a 2:45:09 duration.

On the right side of the page, there is a list of users who have the post in their circles, including Michael Montve..., SVForth ProgC..., Bernd Paysan, and George Rogers. Below this list, it states "41 HAVE THEM IN CIRCLES" and shows a grid of profile pictures. Further down, there is a section for "GOOGLE+ PAGES" with a link to "Create a Google+ Page" and the text "Build your following on Google+". At the bottom right, there is a "Report / block Silicon Valley Forth Interest Group" link.
